

February 14, 2008

Dear Parents,

This has been another few weeks filled with great learning and educational experiences for our students. First our youngest actors and actresses made their theatrical debuts with the Mitten Plays, and they were delightful performances. Next, our seventh grade thespians performed exceptionally well to full houses and thrilled audiences. Having approximately 100 students engage in this theatrical experience creates the memory of a lifetime; this play also allows Carlisle's children to showcase their talent on the stage and behind the scenes is a real life experience that celebrates the arts. Sincere thanks to our students for a wonderful production and to the producers and directors leading students in this delightful show!

Principal Search

A committee has been meeting this week to consider and interview candidates for the Middle School principal position. The committee has recommended a finalist, who will be invited to visit the school to meet with parents, staff, and students and to have a final interview with me. We have set aside the following time slot for the finalist candidate to meet parents: February 28th from 1:55 to 2:25 pm. Please save the date, and we will provide more information through the school email lists as details become available.

Sincerely,
Marie Doyle
